Agile Content (AGIL), is a technology group with operations in the audio and video streaming industry offering video creation, processing, distribution and management related hardware and software for the provision of pay-TV services. AGIL has traded on BME Growth since 2015.

1H24 results: revenues and margins fall, in a year of less to more. We maintain 12m estimates.

REVENUE DECLINE (-8.8%)... AGIL closed 1H23 with revenue of EUR 46.6Mn (far below the +1.9% estimated for the full year). By business line, Agile TV Technologies achieved revenue of EUR 7.8Mn (-19.4% vs 1H23), Agile TV Platform EUR 32.8Mn (+3.8%) and Agile Devices EUR 6.0 Mn (-38.9%). Delays in orders at Agile Devices explain the loss of approximately EUR 4Mn in revenue, recoverable in 2H24. And the discontinuation of the traditional advertising line leads to the loss of EUR 1.1 Mn in 1H23. Increase in the weight of recurring revenue (78.8% vs 73.0% 1H23). And Spain gained weight in the mix (62% vs 55% 1H23; Spain + USA > 80% of the mix).

...AND A SHARP DROP IN RECURRING EBITDA... which fell to EUR 1.2Mn (vs EUR 3.3Mn 1H23; ex activations). The positive news is the gross margin, which no longer adjusts for the shift towards Agile TV Platform (which continues to gain weight in the mix: 70.4% vs 61.8% 1H23). The gross margin (+0.5pp) consolidates at c.40%. The decline in EBITDA is due to the (cyclical) effect of delays in Agile Devices and the "investment" in OPEX (Personnel Expenses, +EUR 0.8Mn) to grow in platform contracts, which should generate revenue in 2H.

...BUT WE EXPECT A RECOVERY IN 2H AND MAINTAIN ESTIMATES. 1H results are not surprising and allow us to maintain 2024e estimates: revenue +1.9%; gross margin of 40.2% (in line with 2023) and Recurring EBITDA EUR 7.3Mn (+12.0%; margin, 7.0%). This confirms the difficulty of growing revenue (shift to software solutions vs. hardware; hypercompetitive industry). Optimizing the structure remains a pending issue and proves the difficulty of its execution and of significantly improving margins.

NET DEBT OF EUR 19.9MN (VS EUR 21.1MN IN 2023; EXCL IFRS 16). High DN and DN/PPE multiple that remains stable at 0.4x. The financial result stands at EUR -0.9Mn (vs EUR -1.4Mn 1H23), and weighs on net income (EUR -1.3Mn). The expected recovery of EBITDA in 2H allows us to expect a break-even in net income in 2024e.

IN CONCLUSION: shift to software solutions and growth option conditioned on improving margins. After these results, we maintain numbers. The 2024e-2026e period is key to seeing AGIL's real ability to achieve sustained improvement in profitability in a scenario of low organic growth (3.4% CAGR 2024e-2026e). Improving margins is the only way to aspire to organic growth of c.+10% in EBITDA. Growing is very difficult in this highly competitive and concentrated sector. EV/Sales 2025e 1.0x (in line with TV Platforms peers).

The company in 8 charts

The global over-the-top video market is forecast to grow at a CAGR of 16.5% in 22-27e

AGIL: a business positioned all along its users' value chain with high recurring revenue (through its two business lines) ...

...with good geographic diversification. In 2023, sales outside Spain accounted for 47%

M&A activity was very intense in 2020-2021, delivering a very significant jump in scale ...

... laying the foundations for organic growth in the coming years (CAGR 23-26e: 2.9%)

Theoretically paving the way for gradual operational gearing during the projection horizon ...

... lifting recurring free cash flow generation to EUR 3.6Mn in 2026e (vs EUR 1.2Mn in 2024e)

Which would leave AGIL prudently leveraged in 2026e (ND: EUR 12.7Mn; ND/rec. EBITDA: 1.4x)

IMPORTANT LEGAL INFORMATION REGARDING THIS REPORT

LIGHTHOUSE

Lighthouse is a project of IEAF Servicios de Análisis S.L.U. Lighthouse is a research project funded by Bolsas y Mercados Españoles S.A. Lighthouse aims to improve the research coverage of the "orphan stocks" of the Spanish market: those which lack real and continuous research coverage. Lighthouse reports will not include valuation and target price. Lighthouse does not seek to provide investment advice to any natural or legal person. For this reason, Lighthouse will not provide a valuation, target price or investment recommendation for any of the securities analysed.

IEAF Servicios de Análisis S.L.U. is a Spanish company whose corporate purpose is:

- 1) To provide information and financial analysis regarding securities issued by any class of legal person traded or not on official secondary markets, and especially (but not exclusively) those securities which are not the object of the recurrent provision of information and analysis by financial analysts who participate in the markets.
- 2) To publicise and update the aforementioned financial reports and analysis, in addition to the monitoring and following of the securities on which the information and analysis is provided.
- 3) To prepare studies and projects aimed at proposing and implementing measures to improve the information and financial analysis of securities traded on official secondary markets.

IEAF Servicios de Análisis S.L.U. is a company whose sole shareholder is the Instituto Español de Analistas Financieros, a professional, not for profit association.

DISCLAIMER

The Instituto Español de Analistas Financieros hereby certifies that the analyst of IEAF Servicios de Análisis S.L.U. whose name figures as the author of this report, expresses views that reflect their personal and independent opinion of the company analysed without these implying, either directly or indirectly, a personalised recommendation of the company analysed for purposes of providing investment advice. This report is based on the preparation of detailed financial projections from information available to the public and following traditional fundamental research methodology (i.e. it is not a technical or quantitative analysis report). For the analysis methodology used in the preparation of this report, please contact the analyst directly; contact details are included on the front page of this report.

The report includes basic information regarding the main parameters to be used by an investor when making their own valuation (whether by discounted cash flows or multiples). These parameters are the personal opinion or estimate of the analyst. The person receiving this report should use their own judgement when using these parameters and should consider them as another element in their decision-making process in respect of investment. These parameters do not represent a personalised investment recommendation.
